

AGENDA

Specification & Design of Heating Systems with Heat Pumps One Day Seminar

18th October 2019

Item	Time
Registration	09.00
Overview of Low Carbon Heating	09.30
Heat Pumps & Appropriate Selection Criteria	10.00
Design for Heat Pumps (residential and non-residential)	10.30
Break	11.15
Commissioning for High Performance & Long Life	11.35
Results from SuperHomes 2.0 Research Project on Air Source Heat Pumps	12.20
Lunch	13.00
Site Visits; 1. Youghalarra National School – Retrofit with insulation, ventilation, solar PV and renewable heat 2. SuperHome Deep Retrofit in Nenagh. Insulation, airtightness, ventilation, heat pump, solar.	14.00
End	16.30

Note all buildings retrofitted with funding from state via the Sustainable Energy Authority of Ireland.
